Trade School Classes Begin

The fall term at MacArthur State Technical Institute will begin on September 5, 1972. New classes will begin in Barbering and Hairstyling. Hairstyling has recently been added to the barbering course to better prepare the barbering students to cut their customers' hair in the latest styles. New students will be admitted to the Barbering and Hairstyling course. Students in this course are trained in both architectural and mechanical drafting. Almost 100% of students completing this course have been placed on jobs in the surrounding area and there is an increasing demand for draftsmen each year. New classes will also begin in Business Education and Data Processing. Recent surveys show that job opportunities in these areas are increasing every year. Students who enroll in these departments may be trained as clerk typists, file clerks, junior accountants, secretaries, key punch operators, and computer programmers. New classes will also begin in Welding and Trowel Trades. Job opportunities in these two courses are excellent. Students will be admitted to Air Conditioning and Refrigeration, Auto Body Repair, Auto Mechanics, Diesel and Heavy Equipment Mechanics, Electronics Technology, Industrial Electricity, Practical Nursing, Radio and T. V. Repair, and Upholstery from waiting lists. The Cosmetology Department will begin its new class on January 2, 1973. Applications for admission to these classes may be made at any time. Names will be placed on waiting lists and students admitted as vacancies occur. Financial Assistance is available to eligible students who need assistance to attend school. Applications for assistance may be made at the school business office. For the first time in the school's history, an effort will be made to offer night classes in all the departments at MacArthur Tech. An Organizational Meeting for night classes is scheduled for Tuesday evening, September 12 at 7:00 p.m. in the school cafeteria. MacArthur Tech is accredited by the Alabama State Department of Education, is an affiliate member of Southern Association of Colleges and Schools, is approved for training of veterans and accepts students without regard to race, creed, or national origin.

Net Income Drops For Kleiners

Kleiner's Inc. operating net income for the third quarter, ended September 30, 1972, was \$265,000 or 27 cents a share, from \$33,000 or seven cents a share, a year earlier. Sales surged 67% to \$26.9 million from \$22 million. However, Kleiner's net income slipped 3% to \$183,000, or 19 cents a share, from \$189,000, or 23 cents a share, a year earlier. The situation was somewhat similar for the nine months. Operating net more than quadrupled, rising to \$841,000, or 85 cents a share, from \$189,000, or 23 cents a share, a year earlier. But after this year's flood loss, and a \$324,000 special credit earned last year from the sale of real estate, Kleiner's nine-month net income increased 47% to \$759,000, or 77 cents a share, from \$513,000, or 62 cents a share. Jack Brier, chairman and chief executive officer, said he expected sales for fiscal 1973, ending Oct. 8, to reach about \$60 million, up sharply from fiscal 1972's \$34.5 million.

Sharpless Is Improved

By Kirk McNaair

A man who has grown up to be no more than 166 pounds would obviously be limited in the number of positions he might play on a major college football team. Johnny Sharpless, whose bulk is spread across a 6-1 frame, has probably run the gamut of available spots for the University of Alabama.

Johnny is now playing split end for the Crimson Tide, following stints at defensive half-back and quarterback over the past three years. And he's doing well at it, wearing one of those practice jerseys reserved for first team offensive performers. Coach Paul Bryant said that Johnny, a junior from Elba, "has improved greatly with the payoff since last spring. He's really made some great catches," said the coach. Bryant has always emphasized that one of the most important ingredients in a winning program is to have men who become winners between the end of spring training and the beginning of fall work. Thus, Bryant is alert to notice those showing improvement. Sharpless grew up wanting to play football for Alabama. Elba had sent his second cousin, Martin Dyess, to Tusculum and Johnny has fond memories of listening to the radio as Dyess and Alabama began building back. As an All-State quarterback at Elba High School, Sharpless earned a scholarship to Bama and had visions of following in the footsteps of his later hero, Joe Namath. But there was a catch. "I couldn't believe it," he remembers. "I got up here thinking I was going to be the quarterback and there were 10 others who had been high school quarterbacks on that freshman team." Sharpless admits that everyone wants to be the quarterback, especially if they've had that spot, but says that he no longer has any qualms about trying another position. In fact, he's quite fond of his latest home. "I'm mostly interested in playing and it's not important where he says. I really like split end, though. I've got a lot to learn about running routes and blocking on the corners, but I'm interested in learning it," he added. Johnny knows that he's not going to annihilate any defensive backs, even though cornermen and safeties generally run small too. "The main thing that I have to do on a downfield block is get position," he said. "It's nice to knock them down and I think I can, but you don't have to get the man on the ground every time to accomplish your mission," he said. There's some comfort for all little blockers though in Bubba Sawyer's success last year against Mississippi State. Nine times Bubba was called on to block a defensive back and nine times he succeeded, including putting his man on the ground seven of those times. "I don't think that split end is going to be all blocking at Alabama this year,

Mr. Dismukes - Miss Carmichael Exchange Vows

In a lovely candlelit ceremony, Miss Sara Katherine Carmichael was united in marriage to Mr. Louis Herman Dismukes, Jr. Saturday, August 26th at 8:00 p. m. at the First Baptist Church in Enterprise, Alabama.

The Rev. Frank S. Wells officiated. The bride is the daughter of Mrs. Alex Vandy Carmichael, Sr., and the late Mr. Carmichael. The groom is the son of Mr. and Mrs. Louis Herman Dismukes, Sr.

A large floral arrangement in memory of the bride's father, Mr. Alex Vandy Carmichael, Sr., decorated the baptismal. Just below the baptismal, three crescent shaped candelabras were lit. The bride wore a floor length gown of printed designed crepe. She wore a deep purple orchid which accented the colors of the dress.

Mrs. Dismukes wore a floor length gown of Fushu rose Italian Bougainvillea satin. The dress featured an inverted empire waist with an A-line skirt accented with beads, pearls and crystals at the neck and at the empire. She wore a corsage of pink orchids.
